Machine Knitting Class

Machine knitting With Lorri Helms

When: Mondays from 6 to 8pm. April 11, 25, May 2 & 9

What: Learn to use your knitting machine. The first class we will check out the machines and give out sources to get replacement parts, instruction manuals, etc. The last 3 classes we will swatch, measure a stuffed bear and make a sweater. You will learn to cast on, bind off, knit, increase, decrease, pick up and relatch stitches.

Materials: Bring your knitting machine, parts, tools and manuals to first class. After that we will talk about what to bring.

Class cost:\$100.00 Call the shop to sign up!

What is a Yarn/Fiber Crawl ?

To acquaint all fiber enthusiasts and artists with regional independent retailers and the companies that supply and distribute the yarns and accessories they carry. This is done by creating a self guided itinerary for the exploration of participating stores. The stores participate by creating special promotions, excitement and interest in various fiber mediums. Participating companies share in underwriting the event and contribute full sized samples of their marvelous products which are included in the raffle baskets that are on display at every store along the crawl. There is one raffle basket for every store. Everyone is eligible to enter the Raffle. There is never a charge to go on a crawl, and you go on your own time frame and at your own speed. Every participant on a yarn crawl is entitled to one FREE RAFFLE ticket from each store they visit.
